President's Forward

I would like to start by expressing gratitude towards the committee and their group for their exertion in attempting to keep the NSA lively in Singapore

The Challenge for the current Team is to move forward and adjust ourselves to be more prepared and excel in different Programs.

We also need to grow our membership and increase the level of participation for our events. Without a proper base of players, it would seem unlikely that our financial situation would improve.

Unfortunately reaching the end of the year, Covid-19 have made us inconvenience by conducting training and Our Athletes can't compete local and overseas. Nevertheless we have improve ourselves by adapting online meetings and training via zoom.

We manage to collaborate with NTUC and People Association. Hopefully there will be more collaboration with other Companies.

Finally, I would like to thank everybody once more for their Support, Tough work and sacrifice during the past year. All these would not be able to do it without the contributions for each and everybody within the NSA
