President's Forward

I would like to start by expressing gratitude towards the committee and their group for their commitment and contribution for keeping the NSA lively in Singapore during this Covid-19 period.

This year marks my last year as president for the association and I look forward in welcoming a new batch of volunteers with better ideas to inspire the Team.

The challenge for the new Team is to gather greater participation for the sport. With greater participation, chances in terms of discovering hidden gems among the mix will be higher. Greater participation and exposure of the sport to the public can also help in terms of funding and ease the financial expenses.

As the Covid-19 situation gets better, the association can resume back to their normal activities and I believe that the NSA will be even more lively and active.

This young batch of athletes that I observed displayed more consistency in terms of how they are throwing their balls and accuracy rate were far greater as compared to the previous year. With more self-belief and hard work, I am sure they will be able to achieve better results in the coming years.

Finally, I would like to thank everybody for their support, tough work and sacrifices they made for the NSA the past year. All these would not be able to do without the contributions for each and everybody within the NSA.

We are striving to gain back our IPC status and organise more local events next year.
